Customer Reviews

This was a very short story. It was a nice read but the author could have put a few more details in to round out the story. I did like that it was a sweet clean story. However the fact that his brother wanted to be Duke because his mother promised it to him then 3 days later he didn't want to be any more was a little strange. And the fact that the millers cart broke one day and they didn't have money to fix it but her sister was using it the next day. Finish out the details. It would make a nice story much better..Thank you to the author for not including sex and bad language in her story. Made a much more enjoyable read.

I liked this story because of the time period, the characters who come to life in the story and I like that I could finish it in one evening. Sometimes we just need a little reading desert for a day and this is exactly what this is. Clean romance and interesting story of two brothers who are dealing with the death of their father, the village gossip and choosing a bride which will make them a happily ever after life.

This is the second in a series of very sweet novellas that bring a smile to your face and warmth to your heart as you read. With all that is going on around us, it is just nice to read a story that makes you feel good. Well written for all ages and worth the time and money. I look forward to reading the remaining books in the series.

I choose the rating of five stars because the story was very enjoyable. Clean, sweet, and strong characters. I will be looking for more of Grace Fletcher's books. I had gotten disoriented with regency books because of the sex.. Having clean regency books to read and novella length is great. Thank you to these authors who are writing the clean books.

Delightfully sweet, wholesome story. The characters were so lovable. Grace Fletcher writes clean Regency Romance without the harsh dialect common with the time period. I like short stories, in that I get to relax and read without staying up all night to finish the book. I was given an ARC for an honest review.
