I work with Kids ages 6 - 11 on Sunday Mornings (called Jr. Church) while the main Service is going on. I've been Looking for a Bible that is written in the King James Version, which is the same version that is used by the whole church, but able to teach the Kids on their level. This Bible does both. The Bible has introductions to each book, a summary of what the book is about and thought questions to have the Child look into God's word with and understanding at their Level. If you work with Kids, use King James, and want to make the transition to the Adult church easy, the, in my opinion, this is the Bible. God Bless

I purchased 2 copies of the KJV Kids' Study Bible. One for my daughter on her 8th birthday, and one for my son who was 10 at the time. Now, 4 years later, I am so pleased with the study design that I am purchasing a leather-bound copy for myself! (Mind you, I have other Bibles: purse size, chronological, red-letter, you name it.) But at this time in my life, I find the Kids' Study Bible to be the ideal companion in my morning exercise/devotion schedule. Thank you for designing such a wonderful Bible product.

I purchased this Bible for my then 4 year old son. He was begging for a Bible that we could use to study in at night. We searched forever to find a King James Version children's Bible. When I found this one and saw all of the great reviews, I knew it would be perfect. Now that he is learning to read, it is perfect for him. He is able to follow along with our pastor during church service and the extra little sections and study guides are perfect for us to use at bedtime. The illustrations usually catch his eye and give us a place to start studying. I highly recommend it. I am thinking about getting one for myself!

This is an excellent Bible for people of all ages. It makes reading the Bible fun and interesting! There are sections explaining the facts of Bible times and other highlighted sections alerting readers to important verses. Bright colors and writing are everywhere. All of these things help to keep a younger readers' attention. It is also in the KJV. An added plus.

Reader be aware, Zondervan does not use the Authorised King James 1611 Bible. Instead it takes the Scrivener Version of 1884 and calls it King James Version. I had the misfortune of buying of 2 other Zondervan Bibles before finding it out. It left a bad feeling. So before you buy this Bible find out if it really is the Authorised King James Bible or the 1884 Scrivener Version of the King James Bible.

For those committed to the use of the Authorized Version of the Holy Bible this is an excellent resource for children of all ages. There are many helpful features to keep the child's interest in addition to the faithful text of the King James. Most importantly, there are no pictures of the Saviour. Most of the children in our church now have a copy.

great product only problem is the pages are a bit to tender for the fact that the bible is for kids. need

to be careful with the pages. however the bible layout is wonderful and the extra facts are great for even adults my mother and i both agree that it is a must have item in the home. All kids and adults should have one!

I purchased the Bible for my Great Grandson who is 8 years old. Unfortunately I should have paid more attention to the contents of the book. I primarily went from the reviews listed. When I saw the cover I assumed there would be illustrations inside the Bible -however was disappointed that there where none. I feel children of this age pay more attention and interest in the subject when it is illustrated. The cover of the Bible was so nicely detailed and inviting - that I was sure there would be further illustrations inside. The other content seemed fine, and I am sure will be understood and interesting to the child.
