Pennies (Welcome Books)

Synopsis

Which president's face is on both a quarter and a dollar bill? How do you know where the money you spend is minted or printed? Bank on this new series to provide kids with a common "cents" point of view on all kinds of money matters - what coins are made of, what all those symbols mean, and how to save or spend it.

Age Range: 4 and up

Grade Level: Preschool and up

Customer Reviews

This book was great for introducing the penny to young children. There was valuable info on the coin, but the text was not overwhelming for young learners. It definitely is geared for kindergarten and first graders!

Got this book for my Kindergarten class, it gives out lots of information, my kids enjoyed learning about the features and history of the coin. I would definitely recommend this book.

My grandson is in love with money! At 4 years old he can name all the coins and bills and who's on them so I knew he'd enjoy this book
