Exo-Vaticana: Petrus Romanus, Project LUCIFER, And The Vatican's Astonishing Exo-Theological Plan For The Arrival Of An Alien Savior

Synopsis

Following the release of their 2012 best-seller, *Petrus Romanus: The Final Pope Is Here*, Tom Horn and Cris Putnam were inundated with invitations from around the world to be interviewed on radio, television, and in print media. These included segments in The History Channel's "Countdown to Apocalypse," a special feature on Canada's largest Christian channel, VisionTV, titled, "I Prophecy: The Apocalypse Series"; invitations to Rome to discuss with Italian media their findings on Rene Thibaut (a Belgian Jesuit whose meticulous analysis of the Prophecy of the Popes predicted the arrival of Petrus Romanus in this era); and dozens more. But during a show on Omega Man Radio the authors disclosed an "extraterrestrial" connection between Petrus Romanus, the Vatican, and the Mount Graham Observatory, which rocketed that program into the #1 position in the world, illustrating to the authors that modern civilization is more than casually interested not only in the final pope, but in the connection between Rome and their secret work on extraterrestrial intelligence, astrobiology, and the intriguing preparations they are making for the arrival of an alien "savior." Thus, the new investigation began and quickly resulted in findings far more disturbing than the authors expected to find. NOW, FOR THE FIRST TIME, "EXO-VATICANA" REVEALS: Unveiled! The Vatican's secret plan for the arrival of an alien god Disclosed! Secret files in the Vatican library on the reality of the alien presence Found! The private document detailing the Vatican's position on the extraterrestrials Revealed! Project LUCIFER and the hidden quest for "Fallen Star" 2013! The year top astronomers say the alien world and its inhabitants will be divulged The Collins Elite, Occultism, and the covert breeding and hybridization program The incredible family secret that Tom Horn has kept concealed for decades! What top Government and Vatican Officials told the authors about the reality of UFOs/ETIs The Vatican's Top Astronomer agrees to and is interviewed by Horn and Putnam Nick Pope, Bruce Maccabee, Stanton Friedman, Jesse Marcel Jr. and others weigh in Back to Cydonia! The truth behind the face on Mars and artificial structures on other worlds In *Exo-Vaticana: Petrus Romanus, PROJECT LUCIFER, and the Vatican's Astonishing Exo-Theological Plan for the Arrival of an Alien Savior*, internationally acclaimed investigative authors Thomas Horn and Cris Putnam break the greatest story of our time and expose the elitists and intellectuals who are planning to assimilate mankind under a coming "savior," one whom the prophet Daniel foresaw as "an alien god."

Customer Reviews

I have been a fan of Tom Horn for a few years now. When he brought Cris Putnam on board with the previously released Petrus Romanus: The Final Pope Is Here, I thought Cris might bring a little more skepticism to the content, as well as more fluid prose to the writing. As it turns out, I was correct. I hadn't read the aforementioned "Petras Romanus", simply because I had done enough research on it myself to satisfy me. I thought Malachy's prophecy too narrow to be expounded in 500 pages. Not so with "Exo-Vaticana". The scope of this book is broad. And although Exo-Vaticana is a book of considerable size, I am sure it could have been twice as thick if Horn and Putnam hadn't tempered themselves. I noticed that the addition of Putnam has really brought Horn into focus. If you have read some of Horn's other writings, like Apollyon Rising 2012: The Lost Symbol Found and the Final Mystery of the Great Seal Revealed, you have noticed that Horn throws facts, figures, and correlations out there in a, more or less, machine gun fashion (The incomparable, and late, David Flynn also used that writing style). The writing is more refined now, and presented more objectively. Everything is presented as a "could be" scenario, instead of presenting it in the affirmative. Also, Putnam has reined in Horn's zeal. Horn, who seems to have a natural predisposition for the supernatural, sometimes let's his zeal want to confirm what hasn't been confirmed yet.
