## Customer Reviews

I excitedly ordered the Kindle version to use on the fly with my phone or tablet, but was never able to make it work for the purposes of actually using as we normally use the paper BOW ... the navigation is far too limited ... all it would take to make this an excellent resource is a FULL interactive index so you could actually go directly to the selection needed, not just a broad category.

I am unable to find the BOW numbers for worship planning on the kindle so I have returned it

As I strive to change my library from a physical one to an electronic one that I can easily carry with me, this was a welcome addition.

Need this in my role as a pastor. Will be purchasing the pocket version for a hard copy.

Excellent planning material for the Pastor for worship.

Very helpful and portable on all my devices
