Customer Reviews

Very happy to have this Children's Thesaurus as part of our homeschool library. My sons have been using it. It has easy to read entries, hundreds of colorful graphics, writing tips, and is kid-friendly.

This is a great format for kids learning to use a thesaurus. However, out of 11 spelling words last week for my 1st grader, not one of the words was in there. On other weeks we have been just barely able to find 5 out of the 11. Very frustrating for an assignment to look up 5 words in a thesaurus. It would be better served if it could be expanded to about double the number of words included.

Received fast and in excellent condition. My kids love it and it is easy to use. However, there were some words that my 4th grader could not find in here so he ended using my thesaurus.

My child love it she uses it every day for school and homework. The best thing was the price. I really recommended
