ISBN-10: 0028613198

ISBN-13: 978-0028613192

Product Dimensions: 8.2 x 1.6 x 10.3 inches

Shipping Weight: 5 pounds

Average Customer Review: 4.7 out of 5 stars [See all reviews](#) (91 customer reviews)

Best Sellers Rank: #307,760 in Books (See Top 100 in Books) #74 in [Books > Children's Books > Education & Reference > Reference > Dictionaries](#) #413 in [Books > Textbooks > Reference > Dictionaries](#) #590 in [Books > Reference > Dictionaries & Thesauruses > Dictionaries](#)

Age Range: 10 and up

Grade Level: 5 and up

Customer Reviews

This is the dictionary my child's teacher suggested. It is a very good dictionary for middle school age children. The print, though not as large as a children's primary dictionary, is not nearly as small as the print of college dictionaries. The volume is large enough to encompass a large volume of words, also a plus for school work. It contains definitions, synonyms and antonyms. This is most helpful for homework. The book is hardbound which makes it easier to use for children as they do not need to keep one hand on the page to keep the book open while writing. We have yet to find a shortfall, when using this dictionary. :)

A good dictionary will enable you to understand a word without having to look up a lot of other ones in the process. This is a good dictionary for all ages.

This dictionary is relevant, up to date (does not include too many obsolete definitions) and like another person said, when you need to look up a word a good dictionary will give you a clear and

precise definition which doesn't give you other words to look up in the process.

My daughter uses the dictionary constantly. She is only 9 but finds it very helpful, especially during her homework and it is not as difficult to follow or understand as the adult version.

I bought my 10 year-old daughter this dictionary because the one she had didn't have all the words she had to look up and define. She also likes the letters on the edge of the page so it makes it easier for her to locate the correct letter.

This dictionary is just the ticket for an adult language learner who's ready to move from a beginning dictionary but needs to stay at this level for awhile before moving on to an adult dictionary. Good sized print with many colored pictures to keep a disabled learner's attention. river runner girl

This is a great dictionary for middle and high school. It's easier to read than a regular dictionary, but still thorough. I bought this when my son was in 4th grade, and it was a perfect transition between a speller's dictionary and a grown up dictionary (although you really don't need a "grown up dictionary" if you have this). In fact, I started using it as my main dictionary. It's very well organized, has a lot of extra information (such as word histories, idiomatic phrases, biographical info on important people, and more), provides context for word usage, and the pages are (thankfully) less crowded and hard-to-read than a regular adult dictionary. It's a hardcover book just over 1000 pages and weighs about 4.5 lbs, so it's a chore for smaller kids to get out and use (make sure it's already on a desk for easy access). Highly recommend it!

After endless searching, I found a dictionary that shows the syllables in words. This is a must for would be poets.
