Customer Reviews

If you, as a teacher or individual, have been looking for a deeper understanding of the Holy Spirit or Holy Ghost (KJV), this book offers a splendid summation of the contribution of the Holy Spirit to the Christian's life. It presents in an excellent fashion the blessings the Spirit grants to the child of God. Multiple errors have arisen over sensational approaches to the study of the Holy Spirit. Dr. Floyd beautifully and inspirationally writes about the nature of the Holy Spirit's work, basing his writing on years of rich study. Dr. Floyd includes scores of questions students have asked through the years; questions that typify the ones you many have. The answers he gives will help fill voids in your understanding of the Holy Spirit as the questions do give good examples of questions many people would have in regards to the actions of the Holy Spirit (Holy Ghost KJV) in our daily lives. Concise and readable, I recommend this book for your enjoyment, study and edification. A thorough reading and study of this book by Dr. Floyd will enrich your life. Dr. Harvey LeRoy Floyd was a Professor of Bible and Greek at David Lipscomb College, Nashville, Tennessee for many years. He received his Bachelor's Degree in English from David Lipscomb College (Nashville,

Tennessee) in 1953, his Master's Degree in Bible from Harding College (Searcy, Arkansas) in 1955, attended Westminster Theological Seminary from 1958-1959 and received his Ph. D. from Vanderbilt University (Nashville, Tennessee) in comparative literature in 1969. Dr. Floyd has always been considered a highly respected lecturer and speaker most notably his scholarly knowledge of Greek and keen interpretative skills. Highly recommended. A noted scholar in his field, Dr. Floyd in 1977 participated in translating the New Testament from the Greek to a simplified English especially for use by deaf persons.

A very detailed work on the Holy Spirit and the Trinity. I went to school where he taught but never had a class under him. A real scholar.

There are many other books on this subject that are interesting and informative. I thought this book was so dry and boring it was hard to read.

Excellent condition

Very good. True.
