Angels And Demons - Book Two: Encounters In The Unseen Realm

Synopsis

Angels and Demons - Book Two is the continuation of stories about real encounters of powerful angels and deceiving demons. For those who believe in or "walk" in the power of God, these stories may sound like pieces of your own life... To others who have not experienced these things they may sound a bit strange and over the top. The important thing to realize is that God's angels DO help us and protect us even today. Also, in dealing with demons it is important to remember that they are subject to the name and authority of Jesus Christ. Because I see these types of things, I can give you a glimpse of what is happening in these unseen realms and thereby give you a little more understanding of what is happening when you pray and engage Heaven. Please do not read these stories as merely entertainment, but as something you can learn from or be encouraged by.

Customer Reviews

As a person that interacts with angels often, one of my favourite types of books is on angels.

Michael does not disappoint. It seems that these books, book 1 and book 2 seem to come from his

journals that he keeps. I am not sure how many stories he has in his journals but I guess we will see more books in the future. What I find most encouraging about Michael is his ability to admit when he messes up and does something that is wrong. Many of us mess up, but most people would not include that in a story we are sharing. This makes Michael more endearing to me, because as he mentions his mistake we learn the lesson that he learned if we are paying attention. This book had some good stories in it. I like the story about the angel of the house when he was in Germany and the story of the angel of the hotel. I feel as people read more stories of angels that they can be assured that angels are in their lives too. I think one of the keys to seeing angels and interacting with them is to have child like faith and to have a very close relationship with Jesus. I have to admit the demonic stories were a little scary. I can imagine encountering demons and Satan's workforce but I guess I am not really engaging them. I have had encounters with demons and one day will write about them, but I am not very experienced in spiritual warfare like Michael. Do you want your eyes opened you should check out this book as well as book 1 With Love Matthew Robert Payne Author of 12 books on and five on Audible

Michael outdid himself this time! Such a gifted writer, he is clear, concise and explains how each situation he encountered was solved. A practical book that offers amazing stories and solutions to spiritual issues. Do yourself a favor and get a pen and notebook ready to take notes with as you read. You're going to need them!

I loved the way the author explains the topic...it's a must for anyone interested in the supernatural...enjoy the read..highly recommended

All Michael's books have so much insights and it's great that he includes bible verses in every chapter along with his experiences!!!
