Customer Reviews

As one who likes to read the scripture references, I found the scripture links extremely helpful. I could read a catechism answer and immediately access the cited scripture link and resume my place in the catechism with ease.

What a bargain. E-books are the only way to go. has a very large selection. You will not believe the prices.

The shorter catechism is for kids (very few Christian kids can even answer the first question in the shorter catechism - let alone most adults) but the larger catechism is for adults and church in general. What a wealth of knowledge and answers. Heartily recommended

How can you beat this incredible repository of knowledge? I use it for my teaching. It is not inspired material, but it does state succinctly what we as believers need to know about God and His purposes. The Divines were men of incredible depth and breadth of understanding of the Bible. I highly recommend this work.

i am reading through the catechism and am enjoying the clarity it provides. it helps you be able to put into words what you believe

The church I am currently attending has a reading from the West Minster Shorter Catechism. It is definitely a staple to any protestant library.
