Synopsis

Check out the special edition with never before character designs of the hit series. Written as a tongue-in-cheek B-movie serial, "Jailbait" follows the adventures of an all-female undercover organization looking to hunt down predatory perverts by any means necessary and prevent children from becoming targets. It has been described as "To Catch a Predator" meets "Charlie's Angels" meets Ed Wood's "The Violent Years."

Customer Reviews

The book is listed as 33 paged, but only a few are actual story, and really only a fragment of one.

The rest of the space is taken up with concept and design drawings of the main character in civvies and in costume. I may buy edition one just to see if there's substance to the character.
