This Means War: A Strategic Prayer Journal

Synopsis

You've got battles to fight "on your knees. The teen years can be tough; don't try to make it through without one of your most powerful weapons "prayer. A companion book to the movie *War Room*, this new kind of journal will get you ready for a new kind of prayer life, one that's strong, growing, and reflects just how powerful prayer is. Each short chapter tackles one of the biggest questions teens have about prayer, questions such as: "Why pray, anyway? What should I pray for? Are selfish prayers okay? Who should I pray for? Am I really supposed to pray for my enemies too? Will God listen? And will He answer?" Just-right journaling prompts will then get you thinking "and praying "and reinforce the real power of fighting battles on your knees. "

Book Information

Customer Reviews

I requested a review copy of Stephen and Alex Kendrick's "THIS MEANS WAR" (B&H Publishing Group, 2015) for two reasons. First I have a teenager and second I think we are in a war where the only effective weapon is the one we use while on our knees: prayer. This book is part of a set of books inspired by the soon to be released movie "War Room", and is the one especially directed towards teens. There is also a book for adults, along with two directed at younger children and preteens. All of them focus on prayer, and a strategy for an effective prayer life. Most of the 50 chapters in the book provide a short devotional, and ask a question based on that reading. Space is provided for the teen to write his or her answer. Reading the section titles, it's safe to assume that the books starts at a very basic level ("Welcome to War" and "Boot Camp") and

systematically progresses to the prayer of a mature Christian, (â œ Advanced Trainingâ •, â œSniper Schoolâ •) There are some good questions in each chapter, but as I was looking through the book, I couldnâ™t help but feel that whoever put this book in the âteenâ™ category had underestimated todayâ™s youth. (DISCLAIMER: My son graduated from high school a few months ago. In the process, he completed the first two years of college through early college, concurrent enrollment and AP classes.) I asked that son to read the book and give me his opinionâ |he works with the youth group at a local church, and thought it might be appropriate for the 7th and 8th graders. That jibed with my initial impression that the target group should be about 10-14. A positive thing about this book is that it encourages journaling, but rather than free-flowing, â œwhat should I write about today?â • there are specific things addressed each day.
