Customer Reviews

My 6 yr old needed some "supplemental" work and I love that we can tie in whatever book/story we are currently reading from in the Bible. The puzzles are great! Keeps him entertained and educated! :-)

I just received this book this week and I really love how it has a blurb about the lesson. It's a great way to remind students about what they learned...as a review. I only gave 4 stars because I like the book, I don't know how the students will like the puzzles. I plan to use the puzzles for my church's 5-day club (VBS), we're borrowing another church's set of VBS materials and there aren't any take home packets. My church didn't have any materials that fit with the lessons, so I decided to buy some puzzle/activity books. I'm glad that there are puzzles for all books in the bible; it makes it

easier for future activities, like retreats and extra Sunday School material. I will definitely give this book 5 stars if the students I work with enjoy the puzzles.

My 8 year old stays quiet and busy during church -- and other parishoners don't seem to mind he's only half focused on the service. After all, he's doing Biblical work!

I have been using this book all year for my Sunday School class who are aged 6-8 it just the right level for all of them. for looking for something for this age group I highly recommend this book

Size of puzzles and font size and academic resource inappropriate for ages purchased for. I was never able to use this resource with bright children in suggested age groups. Would not purchase again for under 9-11 years of age

This book was in great condition and the seller shipped this very quickly. This book follows the Heart Shapers curriculum for both years of Middle Elementary. It contains an activity for each and every lesson as well as memory verses. My kids love it!!!

Perfect resource for a 1st-2nd grader. My daughter uses it in church while listening to the sermon. There is a lot of variety and great content.
