Molly And The Magic Suitcase: Molly Goes To Barcelona (Volume 2)

Synopsis

Molly and her brother Michael are curious about the world. Inspired by food, family, and friends, they trek to faraway places using a magic suitcase. Michael and Molly visit Barcelona and learn about the city's culture in their second adventure. They find a new friend in Francesca and learn about Gaudi's amazing architecture, try fun new food, see the wonders on Las Ramblas, and much more. Share their experiences in this unique story.

Customer Reviews

The idea behind this book is great. Teach kids about Barcelona using a brother and sister duo in easy to understand language. The book includes a number of interesting facts and landmarks about the city which even my 2.5 year old could grasp and retain. The illustrations are fine, not the best artwork I have seen but the pictures relate to the story and even the youngest of readers can follow along. In the story, the kids use this magic suitcase to travel but that's not totally clear and the authors don't set it up as well as I would have liked. All in all it was a good book to read as we prepared for our family trip to Barcelona.

This is my third book I've read in the "Molly and the Magic Suitcase" series. I've enjoyed all including this one. Bravo to Chris Oler, the author and Amy Houston Oler in creating such magical stories.

Going to Barcelona with grandchildren, six and three. This is a great pre-trip book for the whole

family. Helps us all prepare.

Cute book!!
