Customer Reviews

The book was received as promise and in new condition. It is an easy to use workbook, very student friendly, and has some creative ideas that take away the humdrum of grammar activities.

Very thorough book that addresses all aspects of grammar, usage, and mechanics. The exercises were extremely helpful and very thought provoking. An overall excellent book.

Bought this to replace my daughters book from school that someone snatched up and it was not seen again. It was going to cost a little more through the school than what I paid for it on .
